Change in the management of EBCO GmbH

With effect from January 1st of 2021, Olaf Sperling is appointed Managing Director of EBCO GmbH. Together with Elke Jäger, Olaf Sperling forms the management team in which Ms. Jäger is responsible for administration and Mr. Sperling for technology. The company's founder and shareholder Hanspeter Ebner will retire from his position as managing director during the course of the year and will remain with the company on a full-time basis. Mr. Ebner will concentrate on further technological developments and product innovations.

The addition to the management team continues EBCO's 35-year success story and ensures continuity in the management culture.
